

One Minute Read

From your elected President of the Medical Staff

Joseph Love, M.D.

Colleagues,

Our annual [Sip and Support event](#) will be hosted at Jimmy John's Field in Utica on Wednesday, May 24, 6-9 p.m. While there will not be a baseball game on the field, we will have the run of the premises with wine tasting and strolling appetizers. This event will raise money for Dr. Kimberly Kress Getzinger's Trinity Volunteer Clinic. Please make it a priority to support this worthy cause and our wonderful colleagues.

The [25th Annual Medical Staff Symposium](#) at Boyne Mountain Resort is right around the corner, June 15-17. Consider working a half-day on Thursday of that week, and bring the family to Boyne Falls in northern Michigan for the kick-off cocktail party. We look forward to gathering to make new friendships, reconnect with colleagues and enjoy fun family activities in a beautiful, informal setting. You can [reserve your room in advance here](#).

Respectfully,

Joe
