

Dear physician or provider,

Corewell Health East team members' health benefits transitioned to Priority Health this year. As you know, Corewell Health East is the new name for Beaumont Health. We believe Priority Health's plans will serve our team members well. Priority Health has provided outstanding health benefits to Michiganders for more than 30 years and serves over 1.2 million members in Michigan.

We realize you might have questions about what this transition means for you and your practice. If you're in-network with Priority Health and have privileges at Corewell Health as an employed or independent provider, you're in-network for all Corewell Health East employee health plans. Corewell Health East employees can see you and have the lowest cost share available to them.

We do **not** require an in-network referral to see a Priority Health doctor, even for specialty care. However, like with other Priority Health members, prior authorization is required for some services and procedures, including high-tech imaging.

If you have a question about the Corewell Health East Employee Health Plan, please email PHProviderNetworkEscalation@priorityhealth.com. This email address will remain open through March 15. Use this email for questions about authorizations, credentialing and enrollment, billing and reimbursement and coding.

For any other questions, Priority Health has many self-service options. Start at priorityhealth.com/provider/contact-us or use the [Get your questions answered guide](#). You are also welcome to call Priority Health, Monday – Thursday from 7:30 a.m. to 5 p.m. and Friday from 9 a.m. to 5 p.m. at 800-942-4765.

Thank you for all you do to serve the patients in our community. And thank you for helping to support our team members as they transition to Priority Health benefits.

Sincerely,

Tracie Morris
