

November 2022

Colleagues,

Physicians are a critical part of our culture of giving. From the healing work you do every day with patients to the partnerships you lead with colleagues and staff — our culture of giving is woven into everything you do.

Philanthropy from the community combines with gifts from our physicians and team members to provide important patient care resources.

Please join your colleagues and consider making a gift to the 2022 Spirit of Giving Campaign.

The Beaumont Health Foundation understands that physicians have valuable insights into programs worth investing in. **This year, the Foundation will double the investment you make by matching your donation to any fund under a Clinical Care Program (Pediatrics, Heart & Vascular, Oncology, Mother & Children, Orthopedics, Neuroscience, Behavioral Health).** If you believe an area is important to support, your gift sends a message — and the Foundation will join you.

While this match is just for physicians, in order to support our nurses, the Foundation is again **matching all employee gifts to a nursing fund at any of our sites, as well as the systemwide fund.**

Additionally, donors of \$2,400 or more will be invited to one of two small-group, thank-you dinners with our President Ben Schwartz to show appreciation for your support.

Please make a gift to a program or project meaningful to you. Your participation this year is key.

- You can find a charitable fund listing at beaumont.org/spirit-of-giving. If you have any questions or would like to make a gift to support funds not listed, contact the Foundation at 947-522-0100 or email to spiritofgiving@beaumont.org.
- Gifts can be made online at PeopleSoft HR, by [completing this form](#), by check, or by using a credit card at the campaign webpage above. Payroll deduction is available.

Thank you for your commitment to our organization and the community with your generous gift.

Sincerely,

Dr. Daniel Frattarelli
President, Beaumont Medical Group

Dr. Paolo Marciano
Chief Medical Officer, Corewell Health East
