

Documentation Tip

Nutritional Summary Co-Signature

To ensure that the intensity of your service, severity of illness, risk of mortality, and the length of stay are accurately coded and reported, please include the following in your documentation:

Document the **severity of malnutrition** as (Mild, Moderate or Severe) **or you can co-sign the Nutritional Summary:**

- If a Registered Dietician consult was completed and malnutrition was identified a Nutritional Summary will be generated and available for your review in your Epic Inbox
- Please co-sign the RD Nutritional Summary if you agree with the findings

Beaumont Health
