

**Target Audience:** Providers and Nursing

**Effective Date:** September 12, 2023

**Location(s):**  Dearborn  Farmington Hills  Grosse Pointe  Royal Oak  Troy  OPC (Outpatient Center)

**Module:**  OpTime  EpicCare Inpatient  Stork-OB  ASAP  Lab/Beaker  Beacon Oncology  Cupid

**Overview:** High Sensitivity Troponin orders are going live at the listed locations.

## How it Works:

Dearborn, Farmington Hills, Grosse Pointe, Royal Oak, Troy, Livonia, and Lenox are changing to High Sensitivity Troponin lab monitoring. The order sets and preference lists have been updated to include the appropriate lab.

The two new orders are: **High Sensitivity Troponin** and **High Sensitivity Troponin with Reflex to 2 hour HS Troponin**.
